Sir,

With reference to the correspondence ending with your letter No L 2759/42-43 - Ml 11-42-22 dated the 7th September 1942 regarding the appointment of a suitable candidate to the post of a Manager to the Sewage Farm in the City as sanctioned by Government in their order No L 124-7/Ml 11-41-71 dated the 4th July 1942, I have the honor to state that the vacancy was advertised in the Gazette through the Public Service Commissioner and in response thereto the five applications received from the marginally noted candidates were sent to this office for a selection being made to the said post The Vice-President in direct charge of the Sewage Farm who was consulted in regard to the selection to be made from among these candidates, has opined that the present Manager, Mr Raghunatha Rao, Horticultural Inspector whose services from the Horticultural Department have been lent to this Municipality and who has been in charge of the Farm since June 1942 has evinced a great interest in making a good deal of improvements therein resulting in the realisation of more revenue to the Municipality and in view of his efficient management, he may be continued for one or two years more He has also suggested that as the work in the Farm has increased due to the extension of the area under cultivation besides other activities connected with

1 Mr M Khaleel Ahamed, B Sc (Hons) II Class
Temporary clerk in the D P I's Office

2 Mr K Deju Shetty, B Sc (Agri) (Coimbatore-II Class)
Dist Horticultural Inspector on Rs 80/-

3 Mr G P Chennabasavanna, B Sc I Class with Chemistry, Botany and Zoology as optionals Clerk, Mandy Sub Division Office

4 Mr B Basavarajappa, B Sc , II Class with optionals as against 3

5 Mr M Abdul Jaleel, B Sc , Optionals being Chemistry, Botany and Geology

the (1) Manufacture of compost (2) Municipal workshop and (3) Cattle Sheds, there is absolute and immediate need for the post of an Assistant Manager on a starting pay of Rs 50/- per mensem to cope with the increased work and that for the sai post, the 3rd applicant Mr Chennabasavanna may be selected as the 1st applicant is unwilling to accept the post and the 2nd applicant is already the Horticultural Inspector on Rs 80/- per mensem The matter was in the first instance discussed in the Health Committee in their meeting held on the 14th Sept 1943 and they approved of the suggestions of the Vice-President This subject was taken up again at the ordinary general meeting of the Municipal Council held on the 25th October 1943 The Council have passed a resolution to the effect that a request be made to Government to continue the present Manager Mr Raghu natha Rao who is doing excellent work and appoint an Assistant Manager to assist him, the 3rd applicant Mr Chennabasavanna being selected for the place on probation for one year on a pay Rs 50/- per mensem, his grade and further pay being fixed up after he completes his period of probation, if his work is found satisfactory Copies of the resolutions of the Committee and the Council are herein enclosed

In this connection I wish to bring to the notice of Government that Government have in their order No L 7974-7/M1 11-42-73 dated the 12th February 1943 sanctioned the resolution of the Municipal Council dated the 29th August 1942 to abolish the post of a Chemist that was then in existence and to create in its place the post of an Assistant Manager in grade Rs 40-2-5 + Rs 5/- Conveyance allowance This post was held by one P Ranganathalu and in consequence of his reduction to the post of the Foreman on Rs 35/- in connection with certain allegations against him as Avenue Inspector, as intimated in your letter No L 2379/M1 11-42-112 dated the 24th August 1943, it has now fallen vacant

In the circumstances detailed above, I request that Government may kindly be moved to accord sanction to the reso-

lution of the Municipal Council to continue the present manager Mr Raghunatha Rao for sometime more and to appoint Mr G P Chennabasavanna a C R B candidate as Assistant Manager on probation for one year on a pay of Rs 50/- per mensem to count against the Assistant Manager's post already sanctioned, his further grade and pay being fixed at the end of that period The question of appointing a separate Manager by advertising the vacancy will therefore be dropped for the present, if the above resolution of the Municipal Council is sanctioned

41 Vice-President's note dated 27th August 1943, enclosed with a file of papers regarding the appointment of Manager, Sewage Farm

"The note of the Vice-President suggesting that in view of the heavy work in the Farm and of the fact that we have taken up an additional area of 40 acres for intensive cultivation, we may continue the present Manager for one or two years more and appoint Mr Channabasappa as Assistant Manager so that he may gain experience and that Mr Channabasappa may be started on Rs 50/- for a period of 6 months and then given a grade, was perused The Vice-President has stated that out of the lists sent by the C R B the 1st candidate is unwilling to join and the second is a departmental official and there is no need to get him as Mr Rangunatha Rao who is all more senior departmental official is already with us and is doing very good work He proposes that Mr Raghunatha Rao may be continued and in the circumstances stated the third man in the list appointed as an Asst Farm Manager The Committee also feel that in view of the very good work that is being done by Mr Raghunatha Rao (as seen from the statistics, annexed) Manager and also of the fact that a large acreage is going to be brought under intensive cultivation it is necessary to continue the services of the present Manager and also to give him suitable assistance by appointing

an Assistant Manager and in this view they agree to the recommendations made by the Vice-President and suggest that Mr Channabasappa may be appointed on probation as Assistant Manager on Rs 50/- The question of confirmation and the grade in which he may be fixed may be settled after seeing at the end of the probationery period (how he shapes)"

Sir,

Subject:- Regarding the continuance of the present Manager Mr C Raghunatha Rao of the Sewage Farm for sometime more and the appointment of an Assistant Manager to the said Farm of the City Municipality

---

With reference to the correspondence ending with your letter No L 9241/M1 dated 6th March 1944 on the above subject requesting to furnish information in regard to the yearwar income and expenditure of the Farm as also the powers and duties of the Manager, I have the honor to enclose herein a statement showing the income and expenditure of the Sewage Farm for the period from 1938-39 to 1942-43 and it will be seen therefrom that the income of Rs 28,045 in 38-39 went upto Rs 42090 in the year 42-43, resulting in a considerable increase of work in the Farm besides other activities connected with the manufacture of compost, Municipal workshop and cattleshed as already explained in my letter of even number dated 18th November 1943 There is therefore an urgent necessity for the appointment of an Assistant Manager As regards the duties and powers of the Manager, they have not been defined anywhere He is however entirely responsible for the efficient management of the Sewage Farm The Vice-President has sent a list showing the duties performed by the Manager, a copy of which is herein enclosed for perusal After the appointment of an Assistant Manager some of the duties of the Manager have to be transferred to him in order to the expeditious working of the Farm I wish to bring to notic in this connection that the Director of Horticulture in Mysore, B'lore has in his letter No 3033/H dated 11/21st March 1944, requested me to make arrangements to relieve Mr C Raghunatha Rao, the present Sewage Farm Manager forthwith, as his services were lent from the Horticultur Department

Department as a temporary measure until the Municipality secured a suitable hand for the post For reasons already explained in this office letter of the 18th November 1943, it has been found necessary to continue the services of the present Manager with a view to the improvement of the Farm, and accordingly a recommendation has been already made to continue him in the Municipality for sometime more and it is therefore not possible to relieve him just at present as requested by the Director of Horticulture I request that in the circumstances already explained, early orders of Government may kindly be obtained to the proposals made in the last para of my letter No M4 38/42-43 dated 18-11-1943 -
